

October 20, 2022

Dear Ortho CRN Community,

The Food and Drug Administration (FDA) is announcing cancellation of the “2022 Orthopedic Strategically Coordinated Registry Network (Ortho-CRN) Meeting”. This meeting will be rescheduled in 2023 and a meeting date will be communicated when additional details are available.

We look forward to working together on the development of the agenda for the 2023 meeting, to stimulate new collaborations and provide updates on the ongoing activities.

Sincerely,

CAPT Raquel Peat, PhD, MPH, USPHS
Director
OHT 6: Office of Orthopedic Devices
Office of Product Evaluation and Quality
Center for Devices and Radiological Health
